Detail of Operations

Geophysical Survey Operations

Mariners are advised that the MV Titan Endeavour shall be performing a near-shore geophysical survey in March 2012. The survey area will be bounded by the coordinates shown in Table 1 and displayed graphically in Figure 1.

The vessel shall work up to the 10 metre depth contour.

It is expected that the survey shall begin on 1 March 2012 and shall last for approximately 1 week.

A fisheries liaison representative shall be present on the vessel.

The vessel shall work during daylight hours only.

During the survey the vessel will be operating a hull-mounted multibeam echosounder and hull mounted pinger. No equipment will be towed behind the vessel.
